### CONNECTIONS.

Albuquerque—A. T. & S. F. R. R., for a  
points east and south.

Ash Fork—Santa Fe, Prescott and Phoenix  
Railway for Fort Whipple and Prescott, and  
connection with stage lines for points in  
Central Arizona.

Blake—Nevada Southern Railway for  
Manuel and connection with stage lines for  
mining districts north.

Barstow—Southern California Railway for  
Los Angeles, San Diego and other California  
points.

Mojave—Southern Pacific for San Fran-  
cisco, Sacramento and other Northern Cali-  
fornia points.

PULLMAN PALACE SLEEPING CARS.  
No change is made by Sleeping Car Pas-  
sengers between San Francisco and Kansas  
City, or San Diego and Los Angeles and Chi-  
cago.

T. R. GABLE, General Superintendent, Albu-  
querque, N. M.  
HENRY V. SLYCK, General Agent, Albu-  
querque, N. M.  
W. A. BISSER, General Passenger Agent,  
Albuquerque, N. M.

## HERE'S A CHANCE

And a Mighty Good One.

WE HAVE A SURPLUS of Lumber of certain particular  
sizes that have accumulated during the past year in  
greater quantities than other ordinary dimensions.  
It is all one and two inch stuff, and thoroughly dry,  
and there is a good deal more of it than we want to  
carry in stock. We want to sell it and WILL SELL  
it very cheap—for cash. We propose to start it at  
a low price and to keep reducing the price so long as  
a foot of this surplus stock remains. Here's what  
we have:

20,000 feet, or 2 carloads, 1x 8-12 1st common	
50,000 "	5 " 1x 8-16 "
30,000 "	3 " 1x 8-10 "
200,000 "	20 " 1x10-16 "
180,000 "	18 " 2x 8-16 "
260,000 "	26 " 2x10-16 "

NOW, while there is any of this lumber on hand in our yard  
dry, during the next two weeks, you can buy it in  
CARLOAD LOTS at \$11 per thousand feet.

After April 15 the price will be \$10.50 per M.	
After May 1 "	10.00 "
After May 15 "	9.50 "
After June 1 "	9.00 "
After June 15 "	8.50 "
After July 1 "	8.00 "

AFTER AUGUST 1, if we have any left, we'll cut it up  
for kindling wood.

THESE QUOTATIONS terminate with the clean up of  
what we have on hand, and after this surplus is sold  
we don't intend to make any more, if we can help it,  
nor to sell it, if we do make it, for less than the cost

REMEMBER the cash must accompany every order for this  
material. Otherwise these quotations do not go.

THE LUMBER is all standard first common, well manu-  
factured and well seasoned, and we guarantee it fully  
up to grade in every respect. We simply have too  
much of these six sizes and propose to move the stuff  
if prices will do it.

YOU ARE WELCOME to all the benefits of the reduced  
prices to be obtained by waiting. ONLY, don't wait  
too long. We have stated just how much we have on  
hand. If you do wait and find the particular kind  
you want is all gone when your order reaches us,  
DON'T BLAME US, that's all.

IT IS HERE NOW and to be had just as we advertise. It  
is not likely to be here long at these prices. If you  
can use this material at all, you cannot do better  
than to order a carload soon.

### WILLIAMS NOTES.

Interesting News from Our Live Sister  
Town.

WILLIAMS, Ariz., April 25, 1894.  
School will close on the 27th instant,  
with appropriate exercises in the Opera  
house.

Mr. C. E. Boyce is having a small  
cottage erected on his property south  
of the hotel. Contractor Keck is doing  
the work.

The News office was renovated last  
Thursday night after the arrival of  
Editor Michaels and from California  
and the Midwinter fair.

Miss Kitty Peterson met with a pain-  
ful accident, caused by stepping on a  
nail which stuck into her foot an inch  
and a half, making necessary to call  
Dr. Johnston to dress the wound. Miss  
Peterson will be confined to her home  
some days.

Work has commenced on the dam by  
a force of men clearing away the dirt  
preparatory to putting in stone work.

E. R. Bayless has his barber shop  
nearly completed.

Mr. C. E. Boyce has a large part of  
his goods moved into his new quarters.

Mr. W. Brewer went to Mitchell on  
Saturday to look at some machinery  
that he has bought from that plant. He  
will take several days in looking over  
the surrounding country.

Messrs. Thornton & Smith shipped  
40,000 pounds of wool this week to  
Gross, Blackwell & Co.

Mr. Jas. Walsh is having a neat  
picket fence built around his lot.

Dr. Johnston has rebuilt the walk by  
his store, making a great improvement.

Rev. J. Freri held services in Walsh's  
hall Sunday night.

C. A. Bush and C. M. Fuston were  
in Williams Saturday, returning to  
Flagstaff on No. 4.

Mrs. Thornton arrived in Williams  
Saturday.

Thursday Clark & Adams' mill  
started.

Mr. Geo. Wilson's wife arrived Tues-  
day and will make her home in Wil-  
liams.

Mrs. J. F. Michaels has a new stock  
of millinery goods.

A new stand is being built for the  
Williams Cornet band.

### SCHOOL REPORT.

The following is a list of pupils not  
tardy nor absent for the week ending  
April 20th: Grammar department.

Charlie Adams, Lura Hoyt, May  
Doty, Marion Smith, Roy Kilgore,  
Charlie Rawlins, Clara Patton, Pearl  
Doty, Ellen Smith, Walter Friend,  
Russell Stone, Margaret Grubb,  
Willie Grubb, Daisy Burt, Nora  
O'Neal, Vernon McFadden, Herbert  
Wood, Jay Lebsch; primary depart-  
ment, Anna Bancroft, Viola Forney,  
Lilly Akard, Edith Ranney, Lizzie El-  
lington, Ethel Boyce, Freddy Fleming,  
Minnie Davis, Dora O'Neal, Minnie  
Daze, Anna Walker, Wilbur Wood,  
Timmy Williams, Harvey Ellington,  
Eddie Madero, Willie Friend, Frankie  
Farnsworth, Brenton Doty, George El-  
lington, Maurice Salzman, Orie Smith,  
George Lebsch, Johnnie Leo Daze,  
Liberato Salazar.

### An Arizona Postmaster.

Some twelve years ago Jesus Daniels  
was appointed postmaster at Ehren-  
berg and ever since that time has held  
the position without interference of the  
postal authorities. Ehrenberg is a  
rather out of the way place and hard to  
get at. It is seventy nine miles from  
Yuma to Norton's Landing by way of  
the Colorado river, and sixty miles  
across the country from there.

There has been a great deal of min-  
ing going on about Ehrenberg and  
some important letters pass through  
that office. The failure of letters to  
reach their destination at that office,  
and the inability of the authorities at  
Washington to hold communication  
with the public servant there led to an  
investigation. It is reported that In-  
spector George H. Waterbury went up  
there last week and found a peculiar  
state of affairs.

In the office were found 158 letters,  
some of which were postmarked shortly  
after the postmaster assumed charge of  
the office. Among them were fifty-  
seven with requests to return on them,  
seven were addressed to Ellsburg,  
Washington, and had never been for-  
warded, some of which had been re-  
ceived in 1881; fifty-one were letters

### Arizona Weather Service.

MARCH, 1894.

The following summary shows the  
average weather conditions that pre-  
vailed over Arizona during March,  
1894. It is deduced from the records  
of forty-two stations, and represents  
each county of the territory with re-  
ports from one or more observers.

#### TEMPERATURE.

The mean for the month is about two  
degrees below the normal March tem-  
perature over a large part of the terri-  
tory. The average of all stations re-  
porting is 51.4 degrees. The principal  
periods of low temperature prevailed—  
the first covering the 1st, 5th and 6th,  
and the second occurring on the 21st  
and 22nd. The highest temperature  
recorded during the month was 95 de-  
grees, at Palomas, Yuma county, on  
the 23rd; the lowest was 9 degrees be-  
low zero, at Whipple Barracks, Yava-  
pai county, on the 5th. The greatest  
monthly range was 89 degrees, at  
Whipple Barracks. The most equable  
temperature during the month was at  
Peoria, Maricopa county, where the  
range was 49 degrees. Other places  
having a range only two or three de-  
grees higher were Bisbee, Globe and  
Oracle.

#### PRECIPITATION.

(Rain and melted snow).

The total amount for the month is  
very nearly normal at a considerable  
number of stations; the average mea-  
surements at 40 stations is 1.27 inches,  
the maximum amount being 5.20 inches  
at Flagstaff. Although the total  
amount of precipitation is about nor-  
mal, the portion which fell as snow  
was much greater than usual and more  
widely distributed. Twenty-four sta-  
tions report snowfall to various depths,  
rising to a maximum of 52 inches at  
Flagstaff. The snowfall was also espe-  
cially heavy in the mountain  
ranges of the southeastern portion of  
the territory.

#### WEATHER.

The principal storm periods of the  
month were from the 3d to the 5th, and,  
with intermissions, from the 17th to the  
21st. The first of these was the more  
severe, being very general throughout  
the territory, and accompanied by high  
winds, hail and snow.

There was an average of 15 clear  
days, 8 partly cloudy and 4 rainy.

Wind—prevailing direction, south-  
west.

Besides the high winds of the 3rd,  
there were heavy winds also on the  
16th, 17th, 19th, 20th and 23rd.

#### RELATIVE HUMIDITY.

At Tucson, 44 per cent.; at Globe 33  
per cent.; at Oracle, 29 per cent.; at  
Yuma, 40 per cent.; at Phoenix (8 p.  
m.) 49 per cent.

#### MISCELLANEOUS PHENOMENA.

Thunderstorms—At Walnut ranch,  
on the 17th; Natural Bridge, distant,  
on the 17th; Fort Bowie, lightning, p.  
m. of the 17th.

Aurora—At Holbrook on the 28th.

Frost, killing—At Globe on the 21st;  
apricot crop destroyed, and peach crop  
injured to some extent. At Signal,  
on the 5th. At St. Helena ranch, 18th,  
19th and 20th; about 60 per cent. of the  
apricot buds killed; no other fruit in-  
jured. At Farley's camp, on the 6th.

At Rye, 21st, 22nd, and 23d. At Eagle  
Pass, 6th and 18th; apricots and al-  
monds killed on the Gila. At Bisbee,  
5th, 21st and 22nd. At Show Low, on  
the 23rd. At Wilgus, on the 16th,  
18th, 19th, 20th and 22nd.

W. R. BURROWS, Director.

Tucson, April 16th 1894.
